## PREFACE

THE GENERAL CONFERENCE MENNONITE CHURCH is an entity composed of member congregations in North and South America. It is incorporated under the statutes of the state of Kansas in the U.S.A. Churches have united to form a Conference of Mennonites in Canada and five district conferences in the United States based largely on geographical location.

The delegate body which meets triennially is elected by individual churches on the basis of one delegate per thirty members. At the triennial sessions delegates elect three officers; president, vice-president, and secretary. The delegate body also elects members to a general board, program commissions, a seminary board, and a division of administration. These bodies meet annually in what is referred to as a Council of Commissions. It is at these sessions that action programs are planned and the annual budget is adopted.

A subsidiary corporation, Church Extension Services, is incorporated under the statutes of the state of Kansas and deals with specific areas of program work.

A number of institutions and organizations, such as Africa Inter-Mennonite Mission, Mennonite Central Committee, colleges, and hospitals bear a functional relationship to the conference through the commissions. These institutions recognized as "General Conference-related" are not a part of the corporate structure of the General Conference Mennonite Church. They have their own corporate structures as set up under the statutes of the states in which they are located.

The General Board appoints three representatives to Mennonite Central Committee and three to Mennonite World Conference.
